

Center for Advancing Research in  
**Transportation Emissions, Energy, and Health**  
A USDOT University Transportation Center

# 2019 Summer Research INTERNSHIP

## UNDERGRADUATE RESEARCH EXPERIENCE OPPORTUNITY

Participate in ongoing transportation, emissions, and health research projects at the Texas A&M Transportation Institute — the largest university-based transportation research institute in the country.

- Work with a research mentor
- Create an independent research topic that builds on your mentor's project(s)

## THIS PROGRAM COVERS, BUT IS NOT LIMITED TO, THE FOLLOWING TOPICS:

- Transportation emissions and/or air quality modeling
- Assessment of exposures and health impacts
- Policy and decision making
- Land use and urban planning
- Health impacts of alternative and emerging technologies

The program will provide \$6,000 to support the student for 10 weeks. The program will also provide housing for the duration of the program, as well as a \$1700 food allowance.

## BENEFITS OF THIS RESEARCH EXPERIENCE:

- Explore whether graduate school is right for you
- Visit another campus
- Meet students from across the country with similar interests

Application details  
can be found at  
<https://www.carteeh.org/internships>.

## PROGRAM INFO:
